

ALLIES SCORE MORE GAINS IN FLANDERS AND BALKANS

(Continued from First Page.)

Von Der Marwitz appeals to the German soldiers to hold this section at all costs, which he declares is the most vital to German military movements. Prisoners report their officers are determined to hold back the Tankes push.

In clearing out the Rappes wood, which the doughboys accomplished yesterday afternoon in three hours despite heavy machine gun and artillery fire, they have removed one of the most serious obstacles to their continued progress.

NEUVILLE HEAVILY SHELLED BY FOE

WITH THE BRITISH ARMY IN FRANCE, Oct. 22.—The Germans heavily shelled Neuville last night, from which wet and bedraggled, but happy women, children and old men were escaping all afternoon. They were escorted by Tommies, who carried chickens, household goods and other valuables.

FOE DRIVEN FROM ORCQ BY BRITISH

LONDON, Oct. 22.—British troops have driven the Germans out of Orcq and the wood near Froyennes, Field Marshal Haig announced today.

The left bank of the Reculion was reached south of Thiant, five miles southwest of Valenciennes.

"As the result of local fighting during the night we advanced our line to the left bank of the Reculion, south of Thiant, the western portion of which is in our possession," said the statement.

"Further progress was made between Valenciennes and Tournai. The enemy's resistance on this sector is increasing."

"In the Tournai sector as the result of sharp fighting last night, the enemy was driven out of the village of Orcq and the wood in the neighborhood of Froyennes."

PARIS, Oct. 22.—The news of the last forty-eight hours corroborative of Germany's intention to fall back on the short line from Holland, through Liege, Metz and Strasbourg, to Switzerland.

The eleventh-hour armistice messenger having failed to save them from disaster, Von Hindenburg and Ludendorff are working hand in glove with Berlin, playing for time. Meanwhile they are praying to every variety of

Somebody Is Always Taking the Joy Out of Life

boche bilikent that something will happen to prevent a debacle.

Apparently the rainy season has commenced, holding out the hope that General Winter will grant the truce which the allies refused. However, the battle is rattling on.

Ludendorff's plan seems clear. It consists of refusing battle on the northern flank while stubbornly holding on to the positions in the center.

Reports have reached Paris that the Huns do not intend to defend Antwerp. Masses of boches are pouring past Antwerp toward Liege, likewise much material.

Military critics do not believe the Germans would have quit the Belgian coast unless they realized the necessity of giving up practically all of Belgium. Things are also living up on the Alsace-Lorraine front, where the Germans are very uneasy. Developments are expected there, especially by the enemy.

Thus while the precise goal of Ludendorff's maneuvers can still only be surmised, the scheme of reaching it is perfectly clear cut.

ITALIAN DEPUTY COMING.

ROME, Oct. 22.—Deputy De Ambri will return to the United States with the American labor mission which is headed by Samuel Gompers.

GETS WRONG TRAIN AND GOES TO CAMP

CAMP LEWIS, Wash., Oct. 22.—A. R. Robinson, who was "shanghaied" and brought to Camp Lewis by a Monterey, Cal., draft contingent, has been given his freedom by the military authorities after he had proved that he should not have been a member of the party.

Robinson, according to his story, was in Ashland, Ore., when the troop train passed through. Seeing it at the station and just pulling out, and thinking it was a regular passenger train he was to take to Portland, he boarded it, intending to buy his ticket from the conductor.

Miles passed and no conductor appeared. Instead the leader of the Monterey draft men came up to Robinson and kept him aboard, thinking him a missing member of his increment.

DEATHS IN D. C. FROM INFLUENZA

Thirteen deaths were reported to the District Health Department between noon yesterday and noon today.

Dorothy C. Crowe, 26, 1129 Park road.

Charles J. Nalren, 27, 1639 Gales street northeast.

Charles Edwards, 69, United States Soldiers' Home.

Lee Callahan, 23, Providence Hospital.

Arthur A. Rehm, 32 Naval Hospital.

Sam S. Cameron, 31, Naval Hospital.

Cedelia Nolan, 33, 715 Thirtieth street southeast.

Frederick D. Roach, 2 months, 235 R street northeast.

Ethel McClanahan, 48, Naval Hospital.

John T. Waddy, 29, 203 G street northwest.

Ralph S. Chapman, 9, 435 Q street northwest.

Ethel Jones, 31, United States P. H. S. Hospital.

Ella M. Krusius, 39, 1109 Montello avenue northeast.

Susie Reilly, 31, 1334 Eleventh street northwest.

Sarah C. Calhoun, 75, 1257 Wisconsin avenue.

William A. Garrett, 50, 1343 Perry place.

Iva M. Layden, 26, United States P. H. S. Hospital.

William James Martin, 37, 2118 Pennsylvania avenue northwest.

Viola Dykeman, 21, 1156 Fifteenth street northwest.

James P. Ransom, 33, United States P. H. S. Hospital.

William H. Peed, 8 months, 1232 Sixth street southwest.

Sarah Hayes, 2, 711 Fifth street northwest.

Little Washington, 45, 1243 Twenty-fifth street northwest.

Sadie E. Lonsdale, 7, 608 Fairmont street northwest.

Elizabeth Boone, 19, 19 F street terrace southeast.

James Lucas, 16, National Training School.

William Warren, 29, St. Elizabeth Hospital.

Eva Byrd, 27, Garfield Hospital.

Wolbert R. Voss, 13, 811 Third street southeast.

Henry Hume, 35, Garfield Hospital.

Charles L. Jones, 29, 2809 N street northwest.

Catherine A. Nolan, 27, 3308 Eighth street northeast.

El N. Cox, 30, Providence Hospital.

Anna Dridget, 27, Providence Hospital.

James J. Mulquinn, 17, 26 I street northwest.

Margaret Nelson, 32, Providence Hospital.

Ida Gangier, 28, Providence Hospital.

Wilson Thomas, 29, Naval Hospital.

John W. Stepp, 27, 646 Newton street.

Grace Cassidy, 32, 2321 Michigan avenue northwest.

Rose Anna Osterman, 43, 917 P street northwest.

Louis Sidorsky, 27, 1326 Seventh street northwest.

Lucy Johnson, 22, 1228 U street northwest.

Anthony Mason, 20, Walter Reed Hospital.

Richard Hudson, 32, Walter Reed Hospital.

William Widmer, 37, 1318 Twenty-second street northwest.

Louise Kaufmann, 4 months, 1030 Twelfth street southeast.

William Marland, 5, 529 Sixth street southeast.

Ma the Be. ely, 23, 400 Bland court.

Thomas Goucher, 40, U. S. P. H. S. Hospital.

Walter Lee, 10 months, 1017 F street southwest.

William H. Henson, 7 months, 109 M street southwest.

John E. Warner, 1, Foundling Home.

Marybelle C. Gansmann, 28, 1709 Euclid street northwest.

Michellian Palumbo, 43, 917 Eleventh street northwest.

George R. Phoenix, 40 years, 2010 Georgia avenue.

Elena Doyle, 28, 229 Virginia avenue southwest.

Eleanor Irelan, 19, 2311 Cliffbourne place.

Mary Garnett, 47, 1346 Twenty-ninth street northwest.

Lander Wardell, 35, 1156 Burdona court.

Jacob E. Deppy, 33, Providence Hospital.

Charles Grear, 38, Homeopathic Hospital.

Ethel Reilly, 5, 1115 Second street southeast.

Martha Hunter, 28, 819 Twenty-sixth street northwest.

Ernest F. Macdougald, 36, Walter Reed Hospital.

James Butler, 29, 117 L street.

Arthur I. G. Smith, 35, 305 K street northeast.

Eugene Jones, 2, 425 Washington street northwest.

Frank Young, 26, U. S. P. H. S. Hospital.

Catherine L. Elliott, 19, 4557 Wisconsin avenue.

John Avery, 40, Garfield Hospital.

ANTI-INFLUENZA VACCINE IS FOUND

SCHENECTADY, N. Y., Oct. 22.—Vaccine perfected by Dr. Warren M. Stone, city bacteriologist, is proving such a success in combating influenza that its use will be made more general, according to an announcement by the health officer, Dr. Walter M. Clark.

More than 4,000 persons have been inoculated with the new vaccine to date and less than one per cent have developed the disease, according to the figures of the public health official.

Public inoculations have been arranged for and several of the larger industrial plants have taken steps to apply the preventative among their employees.

U-BATS CROWD KIEL

GENEVA, Oct. 22.—Kiel harbor is unable to accommodate all the submarines which have returned from Ostend and Zeebrugge during the past week, and some are lying off shore, according to advices received here.

Kimberley Mines Have Given \$450,000,000 in Diamonds

Since their discovery in 1867 the Kimberley diamond fields, now mostly in the control of one company, the De Beers Consolidated Mines, Ltd., have given the world 33,000,000 carats, or about seven and one-half tons, in diamonds, which represents in dollars, \$450,000,000, after being cut. They sell in the rough annually for about \$25,000,000. Though these Kimberley diamonds do not equal in purity the Brazilian diamonds, there are more of them, and some unusually large specimens have been found there.

FUND TO AID "FLU" ORPHANS IS SOUGHT

Responding to the appeal in The Times of Miss Cecil Norton, general secretary of District community centers, members of the Chamber of Commerce have contributed \$215 to start a \$35,000 fund for influenza sufferers, especially orphans, in the National Capital.

Resolutions were adopted urging every member of the Chamber to subscribe. Those attending the meeting agreed to give as much publicity as possible to the need for immediate response by all Washington.

"Reports made by secretaries of the different community centers in Washington show that suffering among influenza orphans and the poor who have the disease is impossible of conception," said Miss Norton. "Scores of children are going hungry and clad in scanty clothing because their parents are either dead of the disease or stricken."

Washington must respond to this appeal if it needs to avoid among its poor to be avoided or alleviated.

Orphans' Plight Felt.

"In many cases both parents have died of influenza and the children obliged to seek help from neighbors who have large families of their own to support. In other instances the father has died and the mother often times just risen from a sick bed herself obliged to work to support her babies. Then sometimes the mother died and the bewildered father, stunned by his loss and unable to care for his children as the mother did, allows them to suffer needlessly. All this can and will be prevented if Washington responds to the emergency."

F. T. Moran, former president of the Chamber of Commerce and chairman of a committee to aid charitable organizations in their work among influenza sufferers, today urged the necessity for response to Miss Norton's appeal.

"It is not possible that the people of Washington who subscribed so generously when the cry for help came from stricken Belgium and Serbia to remain passive when their own are suffering," said Mr. Moran. "The amount of agony silently withstood by these poor people is inconceivable to persons who have not investigated some of the cases of need."

Subscribers to Fund.

Subscribers to orphan influenza sufferers' fund:

P. T. Moran, \$50; J. M. Denty, \$50; Albany Pharmacy, \$50; Klein's, Incorporated, \$5; John Dolph, \$10; H. E. Spruebank, \$5; Miss Mary O'Toole, \$5; W. B. Hardy, \$5; Dr. Lewis J. Battle, \$5; Judge Strasburger, \$5; Dr. C. R. Dufour, \$5; Dr. J. N. Gardner, \$5; Louis Ottenberg, \$5; Benjamin R. Stickney, \$5. Total, \$215.

Subscriptions may be sent to Patrick T. Moran, vice president Lincoln State Bank, or to Miss Cecil B. Norton, general secretary Community Centers, Franklin School.

"FLU" TOLL RISES; 71 DEATHS IN DAY

(Continued from First Page.)

For a large drop in the number of deaths as a new wave of the next week, probably, is the opinion of Mr. H. S. Mustard, chief of the Division of the Public Health Service. Both are of the opinion that the epidemic is well under control, the worst having been reached several days ago.

Two physicians of the Public Health Service who had been stationed in New England during the Spanish influenza epidemic there have been transferred to Washington. They are Dr. Edmunds and Dr. Dyer. Both will be stationed at the Webster School.

Sanitation Work Succeeded.

The effect of the amalgamation of the work of the inspection services of the District Health Department, District Food Administration and Public Health Service upon the sanitary conditions in lunch rooms and soda fountains in this city is being shown by reports of inspectors of these departments.

For the past several days only ten cases of uncleanness, all in soda fountains, were found by inspectors. In lunch rooms reports show no violations of any Health Department regulations. This probably is due to the warning given managers of these places relative to prosecution for nonobservance of regulations. They also face serious interruption to business by the Public Health Service placing a guard at the entrance to keep all uniformed men from entering, and the Food Administration has the right to cut off the sugar supply.

Sanitary Zone for War Period.

The sanitary zone which was established here by the public health service will be for the duration of the war and not for the duration of the Spanish influenza epidemic, as was thought at first. Officials of the public health service stated today that their forces would work in Washington until the end of the war. At present they are combating the influenza epidemic.

One of the plans for insuring the health of the men in the service, stationed or visiting in and around Washington, is a compulsory medical examination for all persons working in close contact with the general public. This will begin near the end of the epidemic, and, if possible, within the next week.

13 MORE VICTIMS OF "FLU" RECEIVED AT NEW HOSPITAL

Thirteen new cases of influenza were admitted to the new hospital at Eighteenth street and Virginia avenue northwest in the twenty-four hours ending at noon today. This is approximately half of the average number of cases received in that length of time.

There now are 170 cases in the hospital.

pital, including seventeen children under two years old. Two deaths occurred in the last twenty-four hours. The two persons who succumbed were in such a critical condition upon their arrival there was little hope for their recovery.

Passed Assistant Surgeon J. G. Wilson of the Public Health Service, the medical officer in charge, declared today that the severity of the cases brought to his attention was beginning to grow less day by day.

"All of our cases are getting along surprisingly well," Dr. Wilson said. "Though we are receiving new cases each day, the severity of the cases seems to be less. Patients who have been under treatment in the hospital for the last few days and who have been in a critical condition finally are beginning to show a tendency to get well."

DECREASE IN INFLUENZA CASES REPORTED AT ARMY CAMPS NEAR CAPITAL

That the influenza epidemic is under control in camps in and around the District, is now a certainty, according to the medical officers in charge. There has been a steady decrease in the number of new cases reported, and a corresponding increase in the number of discharged as cured.

Camp Meade has but 170 cases now under treatment of a total of 12,000. Three new cases and seven deaths were reported in the last twenty-four hours. Lieut. Col. H. C. Killbury, the camp surgeon, says, "Our boys are doing very nicely. We no longer have anything to fear from the disease."

The marine barracks here has but one case under treatment. Col. A. C. Powell, of the engineers corps, reporting for Camp Humphries, Camp Leach, and the Washington barracks, believes the epidemic is no longer to be looked upon as a serious menace.

Jiffy-Jell
Mint Flavor

Jiffy-Jell comes in fresh fruit flavors for desserts. But it also comes in mint flavor, to make instant garnish jelly.

The mint flavor comes sealed in a vial, so it keeps its strength and freshness. It makes a green jelly with a wealth of fresh mint flavor.

Serve with cold meats or roast lamb. Or mix in meat sauce before cooling and make a meat loaf of it.

Try Loganberry Jiffy-Jell for a fruity dessert, and Mint for a garnish jelly. They will delight you.

A World's Championship Again Decided

Each year for twelve years the relative qualities of typewriters in speed and accuracy have been proved by contests held in New York City for an International Thousand Dollar Trophy Cup.

Champions have changed as the years have passed, but this cup has always been won by an operator using the Underwood Typewriter.

Once more, and for the Thirteenth time has this contest been held, and once more has the supremacy of the Underwood been established.

On October 21st, at the Exposition of Modern Office Equipment and Methods, in New York City, George Hossfeld, operating an Underwood at the rate of 143 perfect words a minute for one hour, defeating all contestants, became the World's Champion Typist for the ensuing year.

We Have Just Received a Shipment of Army Uniforms and Overcoats To Sell at Actual Cost

IN the shipment that has just been unpacked are winter uniforms and overcoats for Army officers and enlisted men.

And in order that you do not make an unnecessary trip to the store we list just what constituted the shipment.

As the uniforms and coats go out almost as quickly as they come in, we advise prompt action, if you contemplate buying your equipment right now.
